WARRANTY EXPLANATION

The following questions and answers are intended to assist you in understanding the *Ford Vehicle Warranty* provided with the *Vehicle*. The meaning of words printed in italics/capitals is set out under the heading 'Definitions' in this section of the guide.

1. Who can obtain Ford Warranty Service?

If you are the *Owner* of the *Vehicle* or if you have exclusive possession of the *Vehicle* pursuant to a lease, credit, hire purchase or finance agreement you may obtain *Ford Warranty Service* during the *Ford Vehicle Warranty Period*.

2. Where should I go and what should I do to obtain Ford Warranty Service?

It is the responsibility of the *Selling Dealer* to provide *Ford Warranty Service* and you should take the *Vehicle* to that dealer whenever *Ford Warranty Service* is required. However, if it is not practicable or convenient for you to take the *Vehicle* to the *Selling Dealer* (for example if you are travelling, have moved to another location or have other difficulties) you may take the *Vehicle* to any other *Authorised Ford Dealer*.

The 'Owner/*Vehicle* Identification' details recorded in the back of this guide are required by the *Servicing Dealer* in connection with the provision of *Ford Warranty Service*. Accordingly it is important that you present this guide to the *Servicing Dealer* whenever you request *Ford Warranty Service*.

3. What should I do if the Vehicle becomes inoperative or unsafe as a result of a defect which is covered by the Ford Vehicle Warranty?

If, as a result of a defect which is covered by the *Ford Vehicle Warranty* the *Vehicle* cannot be driven, or cannot be driven safely, you should contact the nearest *Authorised Ford Dealer* as soon as possible and arrange for that dealer to carry out the required *Ford Warranty Service*.

4. What should I do if in an emergency Ford Warranty Service is required and an Authorised Ford Dealer is not available at that time to provide such service?

If, in an emergency, a repair, replacement or adjustment of a kind covered by the *Ford Vehicle Warranty* is required to enable the *Vehicle* to be operated safely and it is not practicable for you to have that service performed by the *Selling Dealer* or another *Authorised Ford Dealer*, the service, but only to the extent that it is necessary to enable the *Vehicle* to be operated safely, may be performed by any other available qualified servicer or repairer. A claim for the reasonable cost of such service may be made on *Ford* through the *Selling Dealer* or the *Authorised Ford Dealer* who would normally carry out the *Ford Warranty Service*.

Ford Warranties

When such emergency service has been performed by other than the *Selling Dealer* or an *Authorised Ford Dealer*, you should take the *Vehicle* to the *Selling Dealer* or an *Authorised Ford Dealer* for inspection of the service and/or the completion of any required *Ford Warranty Service* as soon as possible.

5. What should I do if I have any difficulties in obtaining *Ford Warranty Service*?

If you encounter any difficulties in obtaining *Ford Warranty Service*, you should first discuss your difficulties with the Service Manager or the Dealer Principal, or owner of the *Servicing Dealer*. If you cannot resolve your difficulties with the *Servicing Dealer*, you should contact the Ford Customer Relationship Centre. The telephone number and address of the Ford Customer Relationship Centre is set out on the Customer Assistance and Service page earlier in this guide.

6. Do I have to bear any costs or expenses in connection with the provision of *Ford Warranty Service*?

Except as stated below, *Parts* and labour used and supplied in carrying out *Ford Warranty Service* at the premises of the *Servicing Dealer* are free of charge.

Whenever *Ford Warranty Service* is to be carried out by the *Servicing Dealer*, it is your responsibility to deliver the *Vehicle* to the *Servicing Dealer's* premises and to collect it from those premises when the *Ford Warranty Service* has been completed. Subject as hereinafter provided and to the specific requirements of any relevant *Statutory Enactment*, unless you and the *Servicing Dealer* otherwise agree, you will be required to bear all costs and expenses incurred in taking the *Vehicle* to, and in collecting it from, the *Servicing Dealer's* premises.

Whenever *Ford Warranty Service* is carried out at your request at a location away from the *Servicing Dealer's* premises, subject as hereinafter provided, and to the specific requirement of any relevant *Statutory Enactment*, unless you and the *Servicing Dealer* otherwise agree, you will be required to bear such additional costs and expenses (including, but not limited to, travelling time and distance charges) as are reasonably incurred by the *Servicing Dealer* in carrying out such *Ford Warranty Service* away from the *Servicing Dealer's* premises.

If, as a result of a defect which is covered by the *Ford Vehicle Warranty*, the *Vehicle* cannot be driven or cannot be driven safely, and you arrange for the **nearest** *Authorised Ford Dealer* to carry out the required *Ford Warranty Service*, such reasonable costs and expenses as are incurred in moving the *Vehicle* to that *Authorised Ford Dealer's* premises or, if that *Dealer* so elects, in performing the required *Ford Warranty Service* at the place where the *Vehicle* is located (or at some other location), will be covered by the *Ford Vehicle Warranty*.

Ford Warranties

7. Are loss of time, inconvenience, commercial or other direct or indirect loss, damage or injury covered by the *Ford Vehicle Warranty*?

No. The *Ford Vehicle Warranty* covers only the repair, replacement or adjustment at the *Servicing Dealer's* premises, of those *Parts* of the *Vehicle* which are found by *Ford* to be defective in factory materials or workmanship during the *Ford Vehicle Warranty Period*. No other type of claim for compensation of whatever nature, notwithstanding that the same may have resulted from, or have arisen as a consequence of, a defect in factory materials or workmanship in the *Vehicle*, or in any *Part* of the *Vehicle*, will be recognised under the *Ford Vehicle Warranty*. The rights and remedies which are available to you under any relevant *Statutory Enactment* or otherwise at law, in connection with any such claim for compensation, must be pursued outside the ambit of the *Ford Vehicle Warranty*.

8. When will the *Ford Vehicle Warranty* not apply?

The *Ford Vehicle Warranty* will not apply, unless the *Part* which is alleged to be defective is found by *Ford* to be defective in factory materials or workmanship under normal and proper use and operation within Australia. Accordingly, the *Ford Vehicle Warranty* will not apply if the failure of the *Part* in the *Vehicle* to which your claim relates is caused by or is attributable to:

- misuse of such *Part* or of the *Vehicle*;
- failure to properly maintain and care for the *Vehicle*;
- failure to have the *Vehicle* properly, regularly and punctually serviced in accordance with the instructions and recommendations specified for the *Vehicle* by *Ford*; or
- exceeding the operating or capacity limitations specified for the *Vehicle* by *Ford* in the use and operation of the *Vehicle*.

In this regard, overloading the *Vehicle*, using it on obviously unsuitable terrain or surfaces are instances, but not the only instances, of abnormal or improper use or operation which could cause or result in the failure of a *Part* and lead to a rejection of a claim in connection with such *Part* under the *Ford Vehicle Warranty*. A claim under the *Ford Vehicle Warranty* will also be rejected if a *Modification* (other than a *Modification* made by, or at the direction of, *Ford*) is made to the *Vehicle* by, or for you and such *Modification* adversely affects the *Performance / Compliance* of the *Part* in respect of which such claim is made. In this regard the use of a part, component, assembly, equipment or accessory not supplied or approved by *Ford* will be regarded as a *Modification* and may lead to the rejection of a claim under the *Ford Vehicle Warranty* if the use of such part, component, assembly, equipment or accessory adversely affects the *Performance / Compliance* of a *Part* in respect of which a claim is made under the *Ford Vehicle Warranty*.

Ford Warranties

9. What other items are not covered by the *Ford Vehicle Warranty*?

Maintenance costs and wear and tear items, since they do not arise from defects in factory materials or workmanship, are not covered by the *Ford Vehicle Warranty*.

While the minimum maintenance requirements are listed in this guide, climatic and operating conditions or driving habits may require the performance of additional or more frequent maintenance services. Please refer to 'severe/unusual conditions' in this guide. Your *Servicing Dealer* can advise you on these matters.

The maintenance items, except where they are required as a result of defects in factory materials or workmanship, for which you may be required to pay include:

- engine tune-up,
- maintenance servicing of emission control systems devices,
- cleaning of the fuel system,
- wheel balance and alignment,
- adjustment of clutch or brakes,
- removal of body rattles and squeaks and the general tightening up of components,
- keypad batteries (where fitted),
- replacement of items such as oil/fuel/air filters, emission control valves, spark plugs, wiper blades, engine and other belts, hoses and brake and clutch linings,
- the addition of lubricants,
- repair/replacement of trim and appearance items,
- repair/rectification of paint damage, dents, scratches, chips and marks
- repair or replacement of tyres caused by:
 - normal wear,
 - damage such as cuts, snags, bruises, bulges and impact breaks (from kerbs or potholes),
 - damage caused by a puncture or tyre repair, or
 - damage caused by improper inflation or alignment, tyre chains, racing, driver abuse, spinning (such as when stuck in mud or snow), improper mounting or dismounting.

Ford Warranties

10. Will the *Ford Vehicle Warranty* be excluded if I have the vehicle modified and the *Modification* does not adversely affect any *Part* of the *Vehicle*?

No. However, *Ford* does not warrant the workmanship of, nor any material, *Part*, component, assembly, equipment or accessory (unless such material, *Part*, component, assembly, equipment or accessory has been supplied or approved by *Ford* for the purpose) used in, nor any defect caused by, or attributable to, or to the use of, any *Modification* not carried out by, or at the direction of, *Ford*. For example, if the *Vehicle* has been converted for the use of Liquid Petroleum Gas, *Ford* does not warrant the conversion, nor the workmanship of the conversion, nor any material, part, component, assembly, equipment or accessory used in the conversion (unless such material, part, component, assembly, equipment or accessory has been supplied and approved by *Ford* for use in the conversion) nor any defect in any *Part* of the *Vehicle* which results from or is attributable to, or to the use of, the conversion, but otherwise the *Ford Vehicle Warranty* will continue to apply with respect to the *Vehicle* during the *Ford Vehicle Warranty Period*.

11. Will the *Ford Vehicle Warranty* be excluded if I use the vehicle to tow a caravan, trailer or other similar equipment?

Where the *Vehicle* is approved for towing (refer to your Owner's Manual for guidance) it may be used for the purpose of towing without limiting your rights under the *Ford Vehicle Warranty* if:

- the *Vehicle* is properly and regularly serviced and maintained and is adequately and properly equipped for towing with *Ford* approved towing equipment;
- you comply in all respects with the instructions of the manufacturer or supplier of the towing equipment fitted to the *Vehicle* with respect to the fitment, use and operation of that equipment and the fitment and/or use of any recommended additional equipment;
- the *Vehicle* is not overloaded and is driven and operated in a proper and careful manner over suitable roads and terrain;
- you comply in all respects with *Ford's* recommendations with respect to towing equipment, maximum loads and the use of the *Vehicle* for towing; and
- if the caravan, trailer or equipment which is towed is of a reasonable size, shape and weight having regard to the size and operating capacity of the *Vehicle* and the driving, and other conditions which will be encountered during towing.

It should be understood that towing can have an adverse effect on the *Vehicle's* performance, durability, reliability, stability, safety and operating economy. However, by complying with *Ford's* recommendations with respect to towing equipment, maximum loads, *Vehicle* operation and other relevant matters, the adverse effects of towing a caravan, trailer and other similar equipment of suitable size, shape and weight can, to a large extent, be offset.

Ford Warranties

The actual towing capability and performance of the *Vehicle* will depend upon a number of factors, including the *Vehicle's* specifications (including engine capacity, transmission type, axle ratio and tyre type and size, and so on), the condition of the *Vehicle*, the size, shape and weight of the caravan, trailer or equipment being towed, the total weight of the load (including the *Vehicle's* load and the load being towed), the conditions and gradient of the roads or other terrain being traversed, and the weather and other prevailing conditions.

If you wish to use your *Vehicle* for towing you should be careful to ensure that it is properly fitted and equipped for towing with a *Ford* approved towing pack suitable for the equipment and the load being towed, and that the equipment recommended for use with such towing pack is properly fitted and used.

If any *Part* of the *Vehicle* is damaged or fails as a result of you not complying with *Ford's* recommendations in connection with towing, any claim with respect to such *Part* under the *Ford Vehicle Warranty* will be rejected.

12. Are tyres covered by the Ford Vehicle Warranty?

The original tyres fitted to the *Vehicle* are covered by the *Ford Vehicle Warranty*. If you replace any original tyre with a tyre which is approved for the *Vehicle* by *Ford* during the *Ford Vehicle Warranty Period*, the replacement tyre will be covered for the remainder of the *Ford Vehicle Warranty Period*.

The application of the *Ford Vehicle Warranty* to tyres (as stated above) is in addition to those rights and remedies which are conferred upon you by any *Statutory Enactment* or by the terms of any express warranty provided by the tyre manufacturer.

13. Are Ford Parts and Ford Accessories covered by express warranties?

A *Ford Part* or a *Ford Accessory* purchased from an *Authorised Ford Dealer* will be expressly warranted by *Ford* under the *Ford Parts and Accessories Warranty*. The terms of this warranty are described later in this section of your guide. Please note that tyres are not covered by the terms of the *Ford Parts and Accessories Warranty*. Refer to Question 12 for details of warranty coverage for tyres.

If a *Ford Part* or *Ford Accessory* is fitted by an *Authorised Ford Dealer* to a *Vehicle* prior to or during the *Ford Vehicle Warranty Period* that *Ford Part* or *Ford Accessory* will be warranted by *Ford* against defects in factory materials and workmanship during the *Ford Vehicle Warranty Period*, or the warranty period of the *Ford Parts and Accessories Warranty*, whichever is longer. If that *Ford Part* or *Ford Accessory* is found to be defective in factory materials or workmanship and is replaced with another *Ford Part* or *Ford Accessory* the *Ford Part* or *Ford Accessory* supplied as the replacement will be covered for the warranty period of the *Parts and Accessories Warranty*, or the remainder of the *Ford Vehicle Warranty Period*, whichever is longer.

Ford Warranties

The express warranties which apply to *Ford Parts* and *Ford Accessories* are in addition to other rights and remedies which are conferred upon you by any applicable *Statutory Enactment*.

14. Are Ford Licensed Accessories covered by express warranties?

A *Ford Licensed Accessory* purchased from an Authorised Dealer will be expressly warranted by *Ford* under the *Ford Parts and Accessories Warranty*. The terms of this warranty are described later in this section of the guide.

If a *Ford Licensed Accessory* is fitted by an *Authorised Ford Dealer* to a *Vehicle* prior to or during the *Ford Vehicle Warranty Period* that *Ford Licensed Accessory* will be warranted by *Ford* against defects in factory materials and workmanship during the *Ford Vehicle Warranty Period*, or the warranty period of the *Ford Parts and Accessories Warranty*, whichever is longer. If that *Ford Licensed Accessory* is found to be defective in factory materials or workmanship and is replaced with another *Ford Licensed Accessory* the *Ford Licensed Accessory* supplied as the replacement will be covered for the warranty period of the *Ford Parts and Accessories Warranty*, or the remainder of the *Ford Vehicle Warranty Period*, whichever is longer.

The express warranties which apply to *Ford Licensed Accessories* are in addition to other rights and remedies which are conferred upon you by any applicable *Statutory Enactment*.

15. Are supplier branded accessories covered by the Ford Parts and Accessories Warranty?

All *accessories* designated by *Ford* as supplier branded *accessories* are excluded from the *Ford Parts and Accessories Warranty*. Such *accessories* are warranted by the manufacturer of the accessory and you should consult your Authorised Ford Dealer for details of the applicable manufacturer's warranty.

16. Can the Ford Vehicle Warranty be transferred with the vehicle to subsequent Owners?

Yes. If the *Vehicle* is sold during the *Ford Vehicle Warranty Period*, the *Ford Vehicle Warranty* is transferable with the *Vehicle* and the new *Owner* will have the benefit of the *Ford Vehicle Warranty* during the balance of the *Ford Vehicle Warranty Period*.

17. Is the Ford Vehicle Warranty provided with the vehicle valid in another country?

The *Ford Vehicle Warranty* is applicable to the *Vehicle* only if the *Vehicle* was sold for use and is used in Australia.

Ford Warranties

18. What is my responsibility with respect to the vehicle?

It is your responsibility to maintain, use and operate the *Vehicle* in a proper manner within *Ford's* specified capacity and operating limitations, and to ensure that during the *Ford Vehicle Warranty Period*, the *Vehicle* is serviced regularly and promptly in accordance with the instructions and recommendations stipulated for the *Vehicle* by *Ford* in this guide.

In particular, it is your responsibility to arrange for *Ford Warranty Service* to be carried out as soon as possible after you become aware of the need for such service, and to arrange for the scheduled inspection services and the maintenance servicing of the emission control systems and devices referred to in this guide, to be carried out at the specified times, or at the specified or recommended intervals for such services.

19. What if the vehicle has been written off?

If *Ford* believes, on reasonable grounds, that a *Vehicle* has been *Written Off*, the *Ford Vehicle Warranty* will cease to apply to that *Vehicle*. Despite the fact that a *Vehicle* has been *Written Off*, the *Owner* may have rights under a *Statutory Enactment* in relation to parts fitted to that vehicle.

If you require any further information with respect to the *Ford Vehicle Warranty* or if you experience difficulties in obtaining *Ford Parts*, *Ford Accessories*, *Ford Licensed Accessories*, *Ford Warranty Service* or general service please contact the Ford Customer Relationship Centre. The telephone number and address of the Ford Customer Relationship Centre is set out on the Customer Assistance and Service page earlier in this guide.

20. If I have my vehicle serviced by someone other than an Authorised Ford Dealer will this void the Ford Vehicle Warranty?

For your peace of mind, *Ford* recommends that you service your *Vehicle* at an *Authorised Ford Dealer* using Genuine Ford Parts. Only *Authorised Ford Dealers* can service your *Vehicle* using specialised Ford diagnostic equipment and tools operated by *Ford* factory-trained technicians who will ensure that your *Vehicle* is operating to manufacturer's specifications. If you have a licensed and qualified independent vehicle repairer servicing your *Vehicle*, and they service the *Vehicle* in accordance with the instructions and recommendations specified for the *Vehicle* by *Ford*, then your coverage under the *Ford Vehicle Warranty* will not be affected. However, if a failure relating to the operation of the *Vehicle* is attributable to a failure by an independent service outlet to carry out the service with reasonable skill and care, or a failure by the independent service outlet to service the *Vehicle* in accordance with the instructions and recommendations specified for the *Vehicle* by *Ford* (including a failure to follow our recommendation to use Genuine Ford Parts), the *Ford Vehicle Warranty* will not apply to such a failure.

The Ford Express Parts and Accessories Warranty is in addition to other rights and remedies conferred on consumers under any applicable *Statutory Enactment*.

Definitions

In the preceding Ford Express Parts and Accessories Warranty:

'Authorised Ford Dealer' means a dealer appointed by *Ford* to sell for and on behalf of *Ford* new and/or unused vehicles and new replacement parts/accessories of the kind marketed from time to time by *Ford* in Australia.

'Ford' means *Ford* Motor Company of Australia Limited A.B.N. 30 004 116 223 of 1st Floor, 600 Victoria Street, Richmond, Victoria, 3121, telephone 13 FORD (13 36 73).

'Statutory Enactment' means the Competition and Consumer Act 2010 and any other statutory enactment of the Commonwealth of Australia or of any Australian State or Territory and includes any law, by-law, rule, regulation, or ordinance made pursuant to any such statutory enactment.

FIVE YEAR PERFORATION CORROSION WARRANTY

The Five Year Perforation Corrosion Warranty is an extension of the existing Ford Express New Vehicle Warranty, in that it will, subject to the vehicle being reasonably maintained and cared for in accordance with this guide, and the owner guide supplied with the vehicle; cover the original body of the vehicle against perforation corrosion for 5 years (60 months), from the commencement date of the Ford Express New Vehicle Warranty.

Repair of corrosion without perforation, due to a defect in factory materials or workmanship, will continue to be covered during the term of the Ford Express New Vehicle Warranty.

It is your responsibility to bring to the attention of an Authorised Ford Dealer, any corrosion identified on your vehicle at the earliest possible date. Failure to do so may lead to subsequent claim being denied under the Perforation Corrosion Warranty or the Ford Express New Vehicle Warranty.

Panel Damage

Body sheet metal panels that have been damaged (for example, by accident, poor repair procedures, sand, salt, stones, hail, chemicals or industrial fallout) or replaced will not be covered by the Perforation Corrosion Warranty.

Reasonable maintenance and care for the purposes of the Perforation Corrosion Warranty include the following:

Ford Warranties

Washing Your Vehicle

Wash the vehicle often, particularly in coastal areas or where salt or chemicals are in the air or used on the roads. Use warm or cold water. As time goes on, tree sap, insects and road grime or tar may be difficult to remove with water alone. Use a mild soap solution or suitable mild detergent for washing, then rinse with clear water immediately.

Touching Up Paintwork

After washing, paintwork should be inspected for chips. Touch up affected areas immediately with automotive matching paint.

Underbody Cleaning

Regular hosing of the underbody will assist in preventing corrosion. In areas of heavy concentrations of corrosive materials the entire underbody should be thoroughly washed and inspected frequently, particularly in wet seasons. Remove any accumulated mud, salt, sand and debris from the engine undershield and other affected components.

Polishing

The vehicle should be washed and dried before being polished. Use only recognized quality waxes and polishes. In areas of industrial fall-out, dust, heavy rain, salt-air, frequent parking under trees, the additional protection of a suitable polish or wax is advised.

Bright Metal Parts

Do not clean bright metal parts with steel wool or harsh abrasive materials.
